

Please read how your gift can
DOUBLE IN VALUE —
and go twice as far to help
homeless pets in our care!

Everyone deserves a day in the park, including our canine residents. Hence, with your help, Animal Humane plans to build an outdoor exercise/agility yard—an area that will give our pets enriching play dates in the sun.

In late 2008, we constructed a fenced play area for our dogs. The secure area gave our pets the opportunity to play outdoors and work on their socialization skills. Although this was a step in the right direction, the area has limitations. For instance, the exercise area has little shade cover, no exercise equipment to entertain/train our residents, and it has a dirt surface—resulting in dirty pets and trainers.

As a result, Animal Humane plans to construct a new, exercise/agility yard for our canine residents. The yard will feature artificial grass, sufficient shade cover, water hydrants, swimming pools and competition-ready agility equipment.

The yard will also offer our dogs, both large and small:

- An area for basic manners training
- A better quality of life while they are under our care, and
- Increased visibility, which will lead to quicker adoptions

The total cost of our new dog exercise/agility yard is \$100,000. **To date, half of the funds have been committed by several donors who enthusiastically agreed to match all contributions up to \$50,000.** Last year, together, we made our new Cat House a reality by turning \$50,000 of matching gifts into \$100,000. Help us repeat this success by making a contribution that will be **DOUBLED** in value.

Our wonderful pet residents overcame big challenges...and now we challenge you! Please make your Matching Gift online. Remember, your gift will be **DOUBLED**—increasing the impact of your donation as it works twice as hard to improve the lives of homeless pets in our community.

If you believe in our work and want to help us provide the best care possible, please make a donation today. **All gifts, both small and large, will be doubled through a Matching Gift.** And all contributions will help us make our dog exercise/agility yard a reality!

Now...

With your help!

We appreciate your support more than you can know.
