#### INDEPENDENT AUDITORS' REPORT

Board of Directors Animal Humane New Mexico Albuquerque, New Mexico

We have audited the accompanying financial statements of Animal Humane New Mexico, which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### NOTE 1 NATURE OF BUSINESS

Animal Humane Association of New Mexico, Inc., dba Animal Humane New Mexico (AHNM), a nonprofit organization, was founded in September of 1965 and incorporated under laws of the State of New Mexico on July 8, 1997. The stated mission of AHNM is as follows:

- To support and improve the lives of New Mexico's cats and dogs through sheltering, adoption, humane education and veterinary services.
- To provide shelter for companion animals, as well as appropriate nutrition, veterinary care, and individual attention from the volunteer and paid staff while in the care and custody of AHNM. This service includes the selection and adoption to appropriate families and individuals.
- To alleviate suffering in companion animals, which includes acting as a resource for individuals and groups interested in the prevention of cruelty and exploitation of companion animals.
- To educate the public in the humane treatment of animals, which includes such activities as speaking to children and adults in schools, lecturing on responsible pet ownership, and programs for spaying and neutering.
- To promote programs which advocate spaying and neutering of companion animals through media outreach and as a part of the educational programs for the young.

AHNM operates New Mexico's first full service, donor-subsidized veterinary clinic for qualifying owners in need. AHNM provides behavior assessment and training to pet owners and sponsors a shelter transfer program that enables other New Mexico animal shelters to transfer selected pets from their facilities to the AHNM facility, thus increasing adoption rates and reducing euthanasia rates throughout New Mexico.

AHNM is funded by individual and corporate donations, program service fees, income from the sale of donated merchandise, fundraising events, and grants from various charitable foundations.

AHNM is governed by a board of directors, which has the responsibility for determining policy and for the execution and evaluation of programs and activities conducted by AHNM. The board is limited to a minimum of 5 members and a maximum of 18 members. The term served by a board member is three years, with no member being able to serve more than two consecutive terms.

In February of 2012, the board of directors approved a major renovation of the campus and veterinary facilities. This project, designated as Project Humane, is a three-year, \$5,600,000 upgrade of facilities. Project Humane is designed to provide more humane housing for every pet on campus, to support their behavioral and medical health, increase humane education space and additional welcoming facilities for the public. The project will be completed in the fall of 2015.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## **Use of Estimates in Preparing Financial Statements**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Basis of Presentation**

The accompanying financial statements are presented in accordance with the accounting and reporting standards required by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. FASB ASC 958 requires AHNM to report information regarding its financial position and activities according to three classes of net assets:

**Unrestricted Net Assets.** These assets result from revenues from providing services, producing goods, unrestricted contributions and dividends and interest from income-providing assets less applicable related expenses. AHNM treats restricted contributions whose restrictions are satisfied during the same fiscal year as unrestricted support. All contributions made to AHNM are considered to be available for unrestricted use unless specifically restricted by the donor.

**Temporarily Restricted Net Assets.** These assets result from contributions and other inflows of assets whose use by AHNM is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of AHNM pursuant to those stipulations.

**Permanently Restricted Net Assets.** These assets have donor-imposed restrictions that stipulate that resources be maintained permanently but permit AHNM to expend part or all of the income or economic benefits derived from the donated assets. AHNM had no permanently restricted net assets at June 30, 2015 and 2014.

#### **Cash and Cash Equivalents**

AHNM considers investments with an initial maturity date of 90 days or less as cash equivalents. The balances maintained by AHNM in the individual accounts may, at times, exceed federally insured limits. AHNM does not believe that its risk for amounts in excess of federally insured limits is significant.

## Fair Value of Financial Instruments

In determining fair value, AHNM uses various valuation approaches within the fair value measurement framework of accounting standards. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Fair Value of Financial Instruments (Continued)

Accounting standards establish a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The standards define levels within the hierarchy based on the reliability of inputs as follows:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. This includes quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data.

Level 3 - Inputs are unobservable for the asset or liability. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

There are three general valuation techniques that may be used to measure fair value, as described below:

*Market Approach:* Uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sales transactions, market trades or other sources.

Cost Approach: Based on the amount that currently would be required to replace the service capacity of an asset (replacement cost).

Income Approach: Uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (includes present value techniques and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

AHNM carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values based on quoted prices in active markets in the statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying statements of activities and changes in net assets.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Accounts, Contributions and Grants Receivable**

AHNM utilizes the allowance method for receivable valuation and for estimated collectability. The allowance is based on experience and other circumstances which may affect the collectability of the account. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to receivable. AHNM had an allowance of \$2,963 and \$1,129 for the years ended June 30, 2015 and 2014, respectively.

#### Inventory

Inventory consisting of pet supplies is valued at the lower of cost or market using the first-in, first-out method. Donated inventory is valued at its estimated fair value on the date of donation.

#### **Property and Equipment**

Property and equipment are recorded at cost if purchased or, if donated, at its estimated fair value on the date of donation. Depreciation is recorded on the straight-line basis over the estimated useful lives of the assets, which range from 5 to 30 years. AHNM capitalizes all expenditures for property in excess of \$1,000.

## Impairment of Long-lived Assets and Long-lived Assets to be Disposed of

AHNM reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of, if any, are reported at the lower of the carrying amount or the fair value less costs to sell.

#### **Revenue Recognition**

Support from contributions, grants and special events is recognized when awarded, earned, or when expenditures have been incurred in accordance with provisions of the contributions and special event. Program service fee revenue is recognized when the service is performed. Merchandise sales revenue is recognized at the point of sale. Monies received but not earned during the fiscal year are recorded as deferred revenue.

#### **Donated Assets and Services**

Donated assets and services are recorded at their estimated fair values as of the date of contribution and capitalized if exceeding AHNM's threshold policy. Contributions of services are recognized in the financial statements if the services received enhance or create non-financial assets, require specialized skills and are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Services include skilled animal workers, writers, and finance professionals. Some services are provided by volunteers who perform a variety of tasks that benefit AHNM but are not recorded as they do not meet the above criteria.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# **Functional Classification of Expenses**

The cost of providing the various programs and all other activities has been summarized on a functional basis in the statement of activities and the statement of functional expenses. Expenses that can be identified with a specific program are recorded as direct costs according to their natural expenditure classification. Other common costs have been allocated among the programs and supporting services benefited based on various relationships.

## **Advertising**

AHNM uses advertising to promote its programs among the audiences it serves. Advertising costs are expensed as incurred. Advertising expense for the years ended June 30, 2015 and 2014 was \$50,939 and \$47,703, respectively.

## **Income Taxes**

AHNM is a non-profit corporation and qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and is classified as other than a private foundation. As such, its normal activities do not result in any income tax liability.

AHNM files informational tax returns as prescribed by the tax laws of the jurisdictions in which it operates. In the normal course of business, AHNM is subject to examination by federal, state, local and foreign jurisdictions, where applicable.

#### **Subsequent Events**

Management evaluated subsequent events through September 24, 2015, the date the financial statements were available to be issued. Events or transactions occurring after June 30, 2015, but prior to September 24, 2015 that provided additional evidence about conditions that existed at June 30, 2015 have been recognized in the financial statements for the fiscal year ended June 30, 2015. Events or transactions that provided evidence about conditions that did not exist at June 30, 2015 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the fiscal year ended June 30, 2015.

Subsequent to year-end, AHNM entered into a purchase agreement related to certain land for a purchase price of \$750,000. \$500,000 of the purchase price will be paid by AHNM and \$250,000 will be through receipt of a charitable donation letter. As of the report date, the land has not been purchased.

#### NOTE 3 CASH BALANCES

AHNM's cash balances on the statement of financial position consisted of the following at June 30:

|                      | 2015          | 2014          |  |  |

#### NOTE 4 FAIR VALUE OF FINANCIAL INSTRUMENTS

In determining fair value, AHNM uses various valuation approaches within the ASC 820 fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability. ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. ASC 820 defines levels within the hierarchy based on the reliability of inputs as follows:

- Level 1 Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

AHNM owns funds held and invested in a pool by the Albuquerque Community Foundation. The fund includes investments in marketable securities, private equity, multi-strategy funds, real assets, real estate, land, remainder trust assets, and remainder trust liabilities. These funds are classified within Level 3 of the valuation hierarchy since underlying investments in the Foundation's funds are not observable.

# NOTE 4 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

Unrealized gains and losses applicable to instruments valued using significant unobservable inputs (Level 3) are included in the statements of activities and changes in net assets for the years ended June 30, 2015 and 2014.

The unobservable inputs are the underlying assets at Albuquerque Community Foundation and follow their asset allocation policy. The asset allocation policy was developed using appropriate best practice tools such as a mean/variance optimizer or other tools as appropriate. Per the policy, Albuquerque Community Foundation assets are invested according to the following strategic allocation and upper limit ranges for each asset class as stated below:

| Asset Class       | Minimum | Maximum |
|-------------------|---------|---------|
| Equities          | 30%     | 60%     |
| Fixed Income/Cash | 5%      | 35%     |

#### NOTE 8 BENEFICIAL INTERESTS IN REMAINDER TRUST

On March 31, 1994, AHNM was awarded an interest in the Charitable Remainder Trust (the Trust) of Frank Visquesney. The Bank of America administers the Trust. AHNM is irrevocably entitled to 25% of the remaining net assets upon termination. AHNM's interest in the Trust's assets is recorded at fair market value with adjustments made annually for increases or decreases in value. The present value of AHNM's 25% interest at termination was estimated based on the current market value of the entire trust of \$659,555, discounted at a rate of 4% for six years. During the year ended June 30, 2015, the Trust experienced a decrease in asset value of \$658. During the year ended June 30, 2014, the Trust experienced a decrease in asset value of \$11,122.
